“ Okay I do not know if this posted or not I'm going to try it again I never ever forget the first time that I met Amber ann Noble was about 10 years ago we're all at the lake I was with the guy that I was with the time and she was with her guy that she was with at the time we were all at keystone lake which was always her favorite thing to do was be at the lake.... Well the guy that I read at the time and him I got into a big argument he ended up passing out and leaving me passed out under the tree I guess outside on campground obviously and he was in the tent asleep I guess I don't remember I do remember it's beautiful face and her telling me that I was better than that than I need to get up off that dirty ground and getting her tent with her and the kids and get comfortable she didn't know me from Adam and didn't matter because that's the heart that she had I miss her so much every day but my memory of first meeting her that's what it was
