“ Bonnie will ALWAYS be in my thoughts and in my heart. I love her smile and her crossword puzzles. She has beautiful family pictures in her yellow album and I appreciate the time I had with her. I think my favorite memories will always be seeing her stretch her legs waaaaaaaay out and then grin at me. You are loved, Bonnie. I send condolences to the family-especially Miss Bonnie's daughter who I met often. I am so very sorry

SF

Bonnie was a precious soul and my children and grandchildren loved her laughing with them. Her sister, Mary, shared daily adventures with her for decades. They often dressed alike and people thought they were twins. Bonnie enjoyed playing the claw machine at Perkins and often won. She also brought joy to many children giving them dollar bills when she saw them in public. She will be missed terribly, but she will be rejoicing with her family in Heaven. I'm sorry for your loss, Janice and family. She knew she was loved.
