“ I met Carol shortly after I moved here from Montana. She was a pillar of support and knowledge in the Case Management Dept. later to become the Advanced Resolution Team. She helped me grow and develop and had the patience of a saint. She took me under her wing and taught me so much. We had great times with Pampered Chef and Norwex. She supported me and I did my best to support her. I will miss her so much and will never forget her. Her children were raised by an amazing woman, and it turn they reflect her essence. Love you Carol. Until we meet again.
