“ We were fortunate to have worked with Celia at the Kansas City Public Library for several years and considered her not just a co-worker, but a good friend. After she retired, we kept in touch with her for many years and loved hearing about her new lives in Colorado and Arizona and all of the new things she was doing.

*If Celia liked you, she "REALLY" liked you. We often talked gardening and politics and the fact that my Dad was from Iowa and she was from there too. She treated my Sons as if they were extended family and always made sure she asked about them when she wrote. She had this funny habit of sending cards on non-traditional holidays.... we never got a Christmas card from her, but we did get Thanksgiving and 4th of July cards!*

*I know I speak for both my Wife and myself when I say we were honored to have known her.*

*I myself can honestly say she was one of the best people I've ever known and am so blessed to have been able to have called her a friend.*

“ *Celia and I worked together at the Main Library many years ago. My daughters were little and Celia was the perfect babysitter! My kids loved having Celia come over...they knew they were in for lots of fun! That's just how Celia was. I will miss her and her laugh.*
