“*Brother Dave, you’ve helped me many times over the years, even if it was only helping to put things into perspective. You most always came up with a comedic way of comparison to enlighten most any situation. “Brother, it’s tough for me to accept our separation, since you are one I have known all my life here on Earth.” In turn, I sorely miss you. For Love covereth a multitude of sin. GOD bless You. .... Don McGee*
