“ One of my favorite memories of my Uncle David is always wearing one of his big giant t-shirts to swim around in their backyard pond. He was the best cook, always getting me to try new things. He taught me how to correctly eat spaghetti with a spoon and fork. I loved the meat he grilled every 4th of July. He always let me drive the bought and he taught me AND my mom both how to water ski, with the same pair of wooden skis. When I was about 8 years old, I would always ask to drink out of a baby bottles and he told me he was going to tell my future boyfriends. To me, my Uncle David could fix anything. Make anything, build anything and cook anything. I looked up to him in a lot of ways and I will miss him very dearly. Him and Aunt Karen were a big part of my life. Big hugs to Aunt Karen during this hard time.
