“ I have known David since he returned from the Viet Nam war; I picked him up at the airport in Dallas; he has always been a wonderful friend & I have precious memories: all the pool parties to celebrate his birthday with friends; our trip to New York City where we saw the play Cats; our trip to Paris to celebrate my 40th birthday; finally getting to share St. Martin with him. I am especially grateful that I shared his 75th birthday with him in Tulsa; he loved the cake I baked for him. Missing you but with a grateful heart. May the Lord smile kindly upon you. Love, Joanie

*I am David's 1st cousin, Suzanne Westbrook Baskin. Didn't see him much during adult years - I have lived in 5 states. I liked David and he was fun to be with.*

*One thing I remember well is how much he liked to go to the horse races in Hot Springs, Arkansas. He grew up in Little Rock, AR for those who don't know and went to Searcy College in AR and graduated from Univ. of Arkansas as Doctor of Medicine.*

*His mother and father were wonderful people. My father, his uncle, was also a physician.*
