“ I'm missing you already Brother. I'm so glad that God has you now. I'd been praying for your healing and grace but God needed you more than we here on earth. I know that you were greeted at the Gates of Heaven.

“ REMEMBERING DONALD RAY "Snoopy" COMPTON
8/22/1963-5/15/2025

GOOD MORNING!!!

That's how we remember Snoopy as he would greet us every morning or evening for more than 30 years. That's what I'll miss the most, he was such a treat. It didn't matter if it was 6am or 6pm, it would be GOOD MORNING!!!

Snoopy started working for my brother Sol at Pee Wee's Hamburgers, in the 1980's. He, along with his friend Jonnie Medford, worked for him until they closed in the early 1990's. He soon joined us at Billy's on the Square shortly after, and we were together ever since. Snoopy was a wonderful employee that was always positive and never complained about anything. He was never late or ever missed work and was always there when we needed him. He could do almost anything at Billy's but for many years he made our To-Go orders during the lunch rush, that is a pressure job, no mistakes, and he did it well. But he was much more to Billy's than a good employee, he was our friend, our buddy, our pal and part of our Billy's family, even our kids grew up to love him and there's more... Many of our customers called him a friend and there's more... Even all of my personnel family aunts, uncles, cousins, and (I have a lot of them) knew and loved him and there's more... He was well known at my church where he would help prep and cook for their annual food festival for many years, and they all knew and loved him.

Snoopy also loved sports, especially the Dallas Cowboys. He was in his best mood when they would win, but was never down on them when they lost, and took all the kidding around in stride, that's just the way he was.

There's so much more, but Snoopy made Billy's and those around him better. He set an example on how to be kind, courteous, loving, gentle, polite but mostly everyone's good friend. This world needs

more people like Snoopy; he made it a better place to be.

So, in remembering Snoopy, we'd say to just make your GOOD MORNING last all day, just as he did!

We will all miss him dearly!

Love You Snoopy❤️

Your Billy's Family!
