“ Donna Marie as I looked at a picture of you today when you were just a sweet smiling baby all dressed up in your little bonnet it brought tears to my eyes. You were so sweet and kind and most always with a happy smile on your face. You are and were, loved by so many, and will be missed more than you could ever know, by all of those, whose lives you have touched.

Your Dad came from such a large family, as did many of us in the family, and most all of them lived near each other, and you had many cousins to play with, when all of you were young. We all have such precious memories of all of you. We in our family feel so fortunate to have all of these treasured memories to look back on and the wonderful videos your Dad made of all of the families and you children as you grew-up.

Donna, you were so special as a child, and became even more special, as you grew-up, and became a Mother to your wonderful and loving children, who do and will miss you in more ways than one could ever imagine.

Donna, you have earned your Beautiful Wings in Heaven. I know you are now a Special Guardian Angel who will be sent to watch over those who YOU have always loved. " Our Heavenly Father " knew & knows how much you would still be needed by so many, that he has blessed all of us, by having you to be a Special Guardian Angel to watch over--protect--give reassurance--&--guidance to those whom you have left behind. You will be there any time you are needed by others, and though many may not know or realize it--YOU WILL ALWAYS GIVE THEM A SIGN--THAT YOU HAVE HEARD THEIR PRAYERS & QUESTIONS & COMMENTS, So all of you who feel the need, Please just talk to Donna, she will hear you and she wants you to talk to her when you feel you need to.

We love you and will miss you, more than you know.

Aunt Bonnie (Bobbi) & Jerry, and Your Cousins, Rick & Stephanie Lee & family, Kenny & Lisa Lee & Family, and Abel & Brenda (Lee), Lopez.

“ Oh Momma... After reading your beautiful tribute, I know you are somewhere so amazing right now. Somewhere so tremendous, because how could someone who helped so many people. Who created amazing life, and memories be anywhere less. Today I found myself forgetting that you were actually gone. A brief moment I wanted to pick up the phone and give you a call. As we talked about stuff from the past I looked around to find your smiling face....

You always worried about all of us... You couldn't stand it if any of us were upset with you. You were the most selfless person I have ever known. I know you will watch over all of us, ever single one. I just hope you know you taught us well, and no matter how amazingly, tremendously painful and hard it might be for each of us to know we can't call you and ask for advice. We will be okay. I don't know how relaying messages to Heaven works, but I will be sending that telegram tonight, in hopes that it reaches you soon.

Ps. We told the funeral home to put your socks on inside out so if they don't, haunt them not us.... :)

Sincerely,
A Daughter who is so proud to call you my Mom.

Oh and one more thing... Happy Mother's Day you rocked your role Momma, now rest peacefully until we see you again.
