“ Pam Lucas lit a candle in memory of Edward J Waters

Pam Lucas - June 07, 2020 at 04:21 PM

SD

“ So, Uncle Eddie was a semi-truck driver and lived with grandma Waters. He was gone quite a bit. I had the privilege of living with grandma part of my Senior year in high school. When Uncle Eddie would come home he always brought me something from places he had been, like he did when I was little. I still have my Canadian coins, and the half dollars from the year I was born. He was amazing at that claw game and I still have all the little stuffed animal's he won for me. When he was home he would tell me about places he had been and the unique things he saw. He also had plenty of stories to tell me about daddy from when they were kids, which was always interesting and funny. About a month before he passed I was blessed to get to tell him I loved him and hear him say it back. I will always treasure the wonderful memories I have with my Uncle.
