“ To my dearest mother. God has blessed us with 80 years of life on earth with you. You have served the Lord well. You were a pillar of strength. You were a loving and compassionate woman of God. I know your heart sang out loud when you were finally able to see our Lord and Savior Jesus Christ face to face, and to here Him say well done my good and faithful servant. Take your rest mama, you deserve it. You and dad both have done well. Even though I miss you guys both very dearly, I know that you two are in the presence of the Lord, and that gives me peace 🙏🙏🙏🙏🙏. Rest well Elaine Claudette Woodley Osborne. Until we meet again.

I couldn't have had one of the nicest sisters in the world. Elaine, throughout my life you had always blessed me with your kindness, strength, support, and little brotherly love. Your strongest character was that of our dear mother, Madear. I'm so glad you were with her when she passed and you informed me. I miss you my sister, but I find solace in your children and grandchildren. They are all doing fine. I thank the Lord for your heart and kind soul. Be well and rest well. Donnie!
