“ Skiff guided my son, Marius back to Clean Sober Living and finding the Message of Living the Dream once Again..Leaving his girl behind, he came back to reality..and the excitement of Sober Living, Surfing, Being Attractive to the Opposite Sex, Clean Fun....All that, we have to thank Skiff for...using his connection to Dr. Gafford to get him into a Sober Program..leading him..back..a crumpled Egg..to togetherness...We owe you, Skiff..more than the life of our son...but our continued existence free from thoughts of losing him..our family united..but without our savior..Skiff..Never forget how you cared for your brother Mark...supported Buffy and lauded her achievements..touched countless lives Thank you Skiff for Being..picking up where you left off with Denise...marrying her..the Sculptor that copied your countenance in Stone..and Plaster..Eternity as the true bearer of the Cross....your face will reflect the gift you received from the one who sitteth at the right side of the Creator...Dance on, My Brother...as you did here at the Redwoods Haus..Dance On, my Brother...We will joine you, in the Heavens..you and Mark..hopefully, not too soon!

“ Skiff was an inspiration and a support on many levels. Loved his Course In Miracles gatherings as well as the meditation meetings at The Cabin and his home in Mill Valley. Always in my heart. May his memory be a blessing.
