“ Our grandpa was the most out going person we knew. His light shine so brightly in this world, goodbye and goodbye in memory of you, Grandpa. Your smile and laughter will be missed. You may have passed away, but your legacy will live on in our hearts forever. Every time we visited you. You would giggle and laughed as we talked to you and asked abuelo you know who I am? And you would shake your head yes and proceed to tell us who we were. I'm sorry we didn't get the chance to be there with you as it was taken away from us. We didn't get the chance to tell you we loved you . Or the fact that we didn't know you passed away. But I know heaven gained another soul. Your beautiful soul. We love you grandpa.
