“ I am truly shocked and stunned by the sad news that I have just learned about today. I adored Holly. Her sudden passing was much too soon. Her constant smile, wonderful spirit, amazing warm and friendly attitude and great intelligence will always be remembered by me and all that she came accross. She did so much for so many. She is truly an angel and will be missed. I wish I had one more chance to have seen or talked to her. She will always be in my heart. My thoughts, prayers, and deep sympathy go out to her mother and those family memebers and friends I've only heard about but never known.
