“ *Iris was such a wonderful friend. Big hearted and loving. I will miss her so much. I had my office next to her salon for so long and we would visit or play cards everyday until I closed my office. So many memories we shared. I will forever miss my dear sweet friend.* ”

“ Whether it was her smiles, her work ethic, her laughter, and her positive outlook in life in spite of many challenging times, or her love and devotion to my father - there's one word that stands out in my mind the most - sweetheart - Iris was a sweetheart of a person. How fortunate were we to have known her. We mourn not being able to tell her one more time how grateful we were that she loved my father as she did. We're especially saddened for Randy, Tonya, and her grandchildren in their great loss, and will be in prayer for all of her family. Sweet Iris, may you Rest In Peace now and may the love you showered on your family, be ever present in their hearts'. We know it will be in Kirk's and mine. Debbie Brassfield

“ My mom is a truly wonderful woman. She has a heart of gold. She meant so much to so many people that it's truly overwhelming how much outpouring of love and prayers are being sent our way. Her dream was to become a salon owner and be a great hairstylist. She accomplished that dream and she has many clients that stayed with her over 30 years or more, so that goes to say just how truly amazing she was at her job and how wonderful of a person she is. She didn't view her clients as simply clients, she cared deeply for each and every one and they became family to her and her to them. She was taken from us early here on earth, but Heaven gained one of the most caring selfless strong beautiful Angel's he could have hoped for. My brother, my children, and I will miss her more than I can put into words. God must have needed her, and I know she will be watching over us all. The best Guardian Angel I could have hoped for. This hurts so bad that I feel at times I can't handle the pain, but I remember things my Momma told me and I know she will help make sure I get through this. One day Momma, you will be waiting to welcome me with open arms. It's not goodbye, I'll see ya soon. I love you with every ounce of my soul. Love your Baby Girl

“ Iris was my aunt. She was an amazing woman, and the best hairstylist I possibly ever known. Her life was cut short, and will be terribly missed. s

She was a incredible person in general, and so full of life! I'll miss her everyday. Also wanted to post for my mother, Peggy Buechler. Iris was her sister. She wanted to say that, she was going to miss her everyday. She loves her, and she was the best sister one can ask for. There will not be a day that goes by that she won't think of her. She'll forever be in her heart, and memories.

“ My momma was the most amazing mom ever. But to me she was also my best friend. The best part of my dad was coming from work and seeing her and our furbabies at the front door to greet me and happy to see me. We'd talk about eachother day and she was always making the best homemade meals for us. Our favorite time of the year was football season. Because on Sunday we'd always watch games together but especially the Steeler, which everyone that knows her knew the was her absolute favorite team. It was cute watching my little momma get so worked up when the Steelers mad good or bad plays!!! 😊😊😊 I always told her that she'd made a great coach. They say GOD tends to call the great ones up to heaven what we on earth consider too soon. Well he sure did gain one AMAZING ANGEL up in paradise. Momma I'm going to miss and love you everyday on this earth until I hopefully get the chance to reunite and give you the biggest hug again. Like you and Ray always said...IT'S NEVER GOODBYE...IT'S SEE YA LATER. LOVE YOU MOMMA AND ENJOY PARADISE IN HEAVEN
