“ Jackie. My sister. My friend.
34 years of relationship. You have been family to us since day one. I love you my husband loves you. You were both of our sister. You will be missed tremendously. We lose contact but we always find our way back to each other. I am forever grateful to have been there in the end and to be able to tell you I love you and to hear you say it back. To be absent from the body is to be present with The Lord. I saw my sister enter the presence and I will never forget that moment. Sleep in peace my sister. ❤️
