“Dad you left us so quickly after mom passed away at home on Saturday October 19th. We all knew that you wouldn't be able to live long without her but not 2 days. I learned from you the way in the world to be a hard worker, even going into work sick. I found a man that had your belief in working hard for your family to support them. A man who had the same kind of charisma with animals that you had. No animal didn't like you, they always came running up to you to get some loving from you.

I miss you so much Dad. You left this world to soon along with my husband. But I understand that after 63 years of marriage and the last 2 1/2 years you really started taking care of mom that you couldn't live without her. I hope that the two of you are up in heaven dancing in the clouds and not living in pain anymore. Love you both.
