

Jane Kropidlowski

May 27, 1935 - July 2, 2023

Our precious mother Jane Malapolski Marlowe Kropidlowski, has left our world for the pure lands. She was born in New York and danced on this earth for 88 years. She was raised by Anne and Thomas Dorry. Jane made magic by making memorable celebrations of life's important and ordinary moments. She was a meticulous records keeper and archivist. Jane wove beauty and light into the living spaces she stewarded. She cultivated genuine, authentic connections with others with her gift of seeing their essence and inspiring them to express it. People were better for having known her. She was humble, generous, and kind.

Jane was the beloved wife of Richard Francis Kropidlowski (deceased); mother to Carla, Keri (deceased), and Erin; grandmother to Leigha, Lauren, Francis, K'an, and Samantha; great-grandmother to Eli.

“ I remember Jane's beautiful long hair that was always up in a loose bun. Her sweet and soft spoken voice and going to the beach. May you rest in peace Jane. Prayers to the family. Love from San Diego, CA. Diane

“ I have no idea why I chose today to search in FB for Erin, so I was very sad to see this about your mom. I never got the chance to tell her what an important influence she had on my life. I never saw so much love in a family, so much respect for one another until I met your family. And Jane just exuded love, kindness and peace. Jane was quick to laugh and her commitment to spirituality. changed the trajectory of my life in a positive direction. I am so sorry to hear about your loss. Sending love during this difficult time of transition. Viraj(aka. Mary Croke)
