“ My name is Rebecca Nelson. I live in Tucson, AZ. I met Joan while walking my dogs in the desert behind their Tucson home. Joan was a hoot, and Bob was so sweet! My mother was a respiratory therapist here at St. Joseph's Hospital and knew Bob well. Every day I would walk my dogs and stop and visit Joan at her fence. She would tell me about sneezy's latest accomplishment in obedience training. My dogs were never trained and ran circles around me - much to my embarrassment.

The last time I saw Joan she was moving to Morning Misty Lane after Bob's death.

My own husband died in April of this year (2015), and my grief got me thinking about Joan after Bob's death. So I attempted to locate her.

I was very sad to learn of her death. Joan was a wonderful, funny, unique person. And I regret not staying in touch. I know we will meet again in Heaven. God bless your family.

“ I was so sorry to learn of your mother's death especially so soon after your grandmother Virginia's death. I spoke with your mom about the family genealogy this past fall. Please accept my deepest condolences. Virginia had shown me a scrap book with newspaper clippings about the Raun's & allied families that your great grandmother, Lulu Mary Clare started & Virginia continued. As you go thru your mother's things please do not discard this scrap book. I would like to pay for copies of the pages. Virginia was a tremendous help in my quest for info on the Raun's. My father Milton, & Virginia were 1st cousins. I am from Jens' brother Peter's side of the family. When you have an opportunity please advise me who in your family is the genealogist. I would like to keep in touch with them. Do you know how to reach your cousin, Jim Hamill in Texas? My snail mail is Sharyn Raun, 4839 Norrisville Rd, P.O Box 176 White Hall, Md. 21161
