“ I knew Joe for over thirty years, he worked in Forestry and I worked in Ground Maintained/ I used to tease him about wearing a suit. I was telling him one time that I couldn't get my chain saw working, he told me to bring it to work and let him see if he could get it to working.
I didn't know that he had boxed it up and took it to Tennessee and had his brother repair it for me. I ask him how much I owed him and he told me; nothing. I have never forgot that!
We will me you Joe.
