“ I truly loved and was so proud of my Aunt Suzy. Her life was a testament to God's grace. I am so sad she's gone from our lives and will miss her... I'm also happy for her though. No more worries. No more pain or fears. She's with Mimi and Poppy and most of all, She's with Jesus!

“ There are so many things I'm missing about my baby sister, Suzy (we called her Tootie when she was a toddler). With me living so far away, we didn't get to see each other much, but we talked on the phone often, laughing with memories, our cats, food, movies we had watched lately and complaining about our "old age" ailments. The day she left us, I was shopping for a card for her, not knowing that I'd never be able to send it to her. This is the one I chose and it's still perfect. Just add "even to Heaven" at the end of the top line.

No matter how far you go, "even to Heaven",  
Just remember,  
You're never more  
Than a thought away.

“ My little baby sister, Suzy..... in my heart from the day you were born and now throughout eternity. You left us too soon, but we know you entered into the presence of your Savior and you became the ultimate gift to your mama on her "Heavenly birthday"! I know she and daddy rejoiced as you walked through Heaven's gates. Now you can finally rest and be pain free for the first time in such a long time. We will all be together very soon, sweet little sissy and "What A Glad Reunion Day"! 🎵 that will be!

*When I think of Suzy, I remember her and my precious sister  
Shelley, as little girls. We were in church at First Assembly. They  
are both in Heaven now. One day soon we will see them again.*
