In our most loving memory of Jose Moreno who was called home too soon. Joe was born to Maria de Socorro Rivera and Rogelio Moreno on May 1, 1987 in McAllen, Tx. He enjoyed most of his childhood and adolescent years in Winthrop, MN. In 2004 his life changed when he moved back to his hometown. He met the love of his life Laura. Vey soon after they were married and welcomed their first child in November of 2004. As a young father he still managed to graduate from La Joya High School in 2006. He happily completed his family welcoming his last child by spring of 2010 in Bixby, Oklahoma.

He was a loving father who devoted his life providing and making his wife and 5 kids happy. He liked grilling, watching football, and spending time with family. He played pool, video games, football, and board games with his kids. He taught his kids games and activities to play outside. He taught them how to

work hard to reach their goals. He loved talking to everyone especially his kids about his life and how much he had accomplished at such a young age.

The biggest goal in his life was to provide a home for his family. With a lot of hard work he made his dream come true May 2018 when he bought his family their first home. He will be extremely missed by so many especially his kids.
