“ Joshua, it’s been one year since you left us. The family loves you so much. Your absence is wholeheartedly felt. I miss your smile, laugh and that professor knowledge of everything you either knew and/or would figure it out. Joshua the family’s “Jean-Michel Basquiat.” Aunt Sarah loves you so much always and forever 🥹. RIP nephew 💜

“ Having you in my life nephew, was probably the closest to having a child I will ever get. I feel blessed to have been in your life. I love and miss you.

“Destiny that we were to meet! We met twice in a month! Second time was history for us! You became a best friend for eternity!! We were glued there for a minute! I wish I would’ve made it back to Oklahoma sooner! I wish I would’ve messaged you back sooner! In wish I would’ve listened to my Spirit sooner! At least I would’ve had one more time in your presence! Until next time I’ll hold you in my heart! I choose to cherish the moments spent! You were so talented and helped me so much in this quest called life!

*I LOVE YOU!!*

*Yours Truly*
