“ I had the honor of knowing Kelly for 10 years. I had the privilege to be around him and talk to him on a daily basis. The way he talked about Whitney and the kids was inspiring. They were his entire world. He never let negativity get to him. He was always joking and laughing about something. And his laugh was infectious. He was the type of person who loved and cared unconditionally. He brightened everyone's day the second he walked into a room. I truly believe he was an angel on earth. The memories of him still make me laugh. I loved him not just as a friend and co-worker, but as my brother who still inspires me to be a better person. My heart and prayers go out to Whitney and the kids.

“ We've known Kelly for 12 years. He was an outstanding co-worker and friend. Always there if you needed him. More importantly he was a loving and caring husband and father. Whitney, Jasmin, Kegan, and Isaac were his world. He strived to be the best he could for them moment and he made sure everyone knew how special his children were to him and talked about them often. We had conversations everyday for over a decade so his sense of humor, good character, work ethic, and jokes will be deeply missed. The Shields family is in our hearts and prayers.

“ I was so blessed to have Kelly as my cousin when our grandparents got married. He was always the first one to greet you when you'd arrive and always made you feel important. He gave the best bear hugs and loved everyone so much. We will miss him so much.
