“*Brother, I love you. I already miss you. I will do right by you today with your funeral and look after your Diana Lynn as best as I can. It makes my heart happy to know you're in the family circle, in the presence of our amazing God and will be waiting for me with open arms. But it breaks my heart that you're not here anymore. I have been proud of you, pissed at you, happy to spend time with you and not be able to stand you for one more minute and sometimes all at the same time! I've never not loved you and I've never once been unsure of your love for me. It was one heck of a ride Brother. We will be together again and until then I remain your loving Little Sister. Carol*
