“ I have just found out about Kriss passing. I dated him in the early 1990s and actually had a dream about him a week ago and decided to Google him. He was a very sweet and big hearted guy. Always making sure I was happy. I am so sorry that he is gone.

“ Kriss will always hold a special place in my heart. As my roommate and close friend for many years, we created memories that will always be with me. Whenever we went anywhere, everyone knew Kriss. He was loved by everyone. He genuinely cared for others, had a big heart and was great to hang out with. Always the life of whatever event we happened to be at and always left making new friends. Like many others have posted, I had not talked to him within the last several years, but will miss him nonetheless! I pray His peace and comfort for the family, Kriss is in a better place.

“ It has truly saddened me to learn of Kriss's passing...he was a true friend to me in some of my darkest hours...we lost touch many years ago, but my thoughts of him always come with a smile. My thoughts and prayers go to his family...I wish him peace.

“ I was saddened to learn of Chris's death today, he was very funny and was kind to everyone and a good, decent person. He had a way of getting your attention when he walked into a room. I worked with him briefly and unfortunately had lost contact these past couple years. My thoughts go out to his family and friends.
