“ I have so many great memories, but what stands out to me is how much she welcomed me and showed me love in some pretty rough times in my life. She would do anything she could to help someone in need even if she herself was struggling. No matter how many years had passed she always gave me a big hug and kiss when we would cross paths. I have always admired her strength. 💜

“ Gosh I first met your mom 40 years ago. We worked caring for children together. The kiddos always loved the fun and games she planned for them. Playing with them, we often got calls saying no one was watching the children! Hahaha. She was so petite and in the middle of play she looked just like the kiddos! She was loved so much!

“ We had lots of great times in high school, sneaking out of Mannford in my Camaro, to drive to Cental Tech, Jeff Summerlin usually in there too. Lots of fast fun and laughs. Hitting the lake with GP and the gang at Tenkiller, lots of fun there! She got a couple extra years in, making it possible to have some time with the grandkids, which is the best thing, so happy she got to do that. She was a cool fun and very loving friend, and will be missed by many, especially Jamie, Hunter and Justin. Love and prayers for peace and comfort now and always. RIP JJP

I met Joann when her and my sister Dana Remington Tramonte and became friends. She would come out and spend the night and hung out. She was such a sweet gal, and always had that beautiful smile. Our family got to know her family and our dad's would hang out sometimes and go to Bristow Livestock sale barn. We would go to Joanns parents farm to see her when she was there and had great visits. Even with her cancer she always smiled when we seen each other and we would hug. I will cherish our memories. Prayers for her family , she had to go to soon, fly high sweet friend.
