“ I was saddened to hear Linda had passed away. I had not seen her in so many years but would ask about her whenever I would see Doug Jr. We grew up in the neighborhood together and our parents were friends. We often got together and attended social functions during our high school years. My sincere condolences to her family. Rest Well my friend and may God give you a well deserved rest.

“ Linda and I started kindergarten together at Ralph Bunche in 1956 and remained friends through high school; after-which, we pretty much lost contact. I would occasionally run into her in the airport in Denver when traveling back and forth to Oklahoma from California. I was, and remain saddened to learn of her transition on today. I'll always remember Linda fondly as one of my “Best Friends” and extend my most heartfelt condolences. Sleep in heavenly peace, Linda Joyce.
