“ I have so many memories of my best friends Auntie Lois as I do her entire family. Her family is my family and I love all of you and hurt for all of you. Aunt Lois always adorable and full of spunk. Her smile infectious. She will definitely be missed. She fought hard. Aunt Lois I love you and will always admire your courage.

“ I met Lois through a Friend who was her neighbor and I instantly liked her. I thought she was so cute and perky and never changed my mind. I have played Bunco and Tripoli games with her and she was so fun, However, when Lois became ill and moved in with me as she went through her treatments, I grew to love her as a dear friend. She was so courageous, determined, and had such a positive attitude that she was going to be whole again. Her faith in God never wavered through her weeks of treatments when she was so ill.

Lois was so respectful to me and did not want to be a burden. I can truthfully say she was never ever a burden, but was so thoughtful from the time she got up until bedtime. Always with a smile. Everyone loved Lois at treatments, she was so social (and they loved her array of hats).

I enjoyed our conversations about our lives, experiences, and adventures as we sat on the patio watching the birds and other little creatures, which She loved. Lois and I were planning to take some road trips, take walks in the park, go to the Lake, and have fun times. But it was not meant to be. I love you Lois and miss being “roomies” but God knew it was time for you to get your “angel wings”. 💕💕💕 Kaybie

“Lois always smiled, was cheerful, and had a heart of gold! She glowed from the inside out. We met at the gym in water fitness classes and shared many a hearty laugh. This picture is exactly how I'll remember her...until we meet again.

“Lois and I met the summer of 1993 at Edwards Air Force base from there we both worked together in Tulsa Oklahoma for one more unforgettable year. The year of 1996 we split company Lois remained in Tulsa and I moved back to California. We had many good times together wether playing golf, poker, or just plain working. Lois fought a tough battle but that disease finally took her from us Rest in peace Lois my prayers go out to you and all your family.

“Lois and I met in June 1984. I had just moved to Long Beach from Northern California because of job transfer. We met at work and then became roommates. I don't remember a day that she didn't have a smile on her face. She was the ultimate miss sunshine. She loved holidays no matter how important it was or not important, she celebrated them with gusto. Miter important than anything was family. Lois was extremely loyal to her family and friends. We stayed in touch even after we both moved. I was lucky to see her whenever she came to California to see her sisters. Lois I will miss you and will always remember your smile

“Lois was my next door neighbor for more than 10 years! I became acquainted and quick friends with her and Harrison during my MANY garage sales! She was a dear person and deserved better than she got. We became even closer during her divorce as she needed the support. I enjoyed her company and we had many a "long talks" about our personal problems and about MEN! lol As we became closer, I introduced her to my "Golden Girls" and she quickly became a member of our Bunco group and our Tripoly group! Sooo many laughs.... Soooo many stories..... and Soooo many good times ..... Wonderful memories! I'm so thankful you are no longer suffering..... You will be greatly missed ..... and lovingly remembered! My prayers of comfort for her family and all of us who loved her! You are in good hands Now! We love you Lo Lo!!

“ I'm sending my heart felt condolences to my sweet long time friend's family and her forever friends. Lois and I shared single sisterhood together, at times living together. I remember her pixie look, good nature, and fun times and bad times we often shared together. There were times when our cupboards were not so full and Lois and I would have toast with mayonnaise and giggle and/or cry. I love you Lois rest well in the arm's of our Savior. I'll miss your political posts and your sweet smile. Fondly, and with much love Aileene
