

Marie Mabel Sarratt

February 7, 1931 - March 5, 2021

Marie Mabel Sarratt (Benshoof)

Born February 7th, 1931 died March 5th, 2021 She was 90 years old.

Marie loved gardening and could tell you when, where, and what to plant. How to fertilize and how often to water. And then when to harvest. That was the time we were busy canning and freezing produce in the kitchen. She also raised chickens, goats, and even a calf once. She could even fix broken appliances. Once she fixed our deep freezer. We had to have it for harvest time. We kids helped in a lot of these things. She patiently taught us what to do. We have never forgotten those lessons! We use that knowledge still today.

She married Harl W. Sarratt Sept. 4th, 1954

Their dream was to have a big family like they each had been raised in. Their dream became a reality when in 1955 their first child, a precious daughter was born! Then in 1958 a handsome son! Then in 1959 another precious daughter!

Marie came in contact in the late 50's with Jehovah's Witnesses when they came to their door. She enjoyed reading the bible-based magazines and realized this would help them raise their children. Harl came in contact with one of Jehovah's Witnesses at work and also realized that this is what their family needed. They began to study the bible and were baptized as Jehovah's witnesses a few years later.

Marie enjoyed helping people learn more about the bible. Even when her

health failed her she would still talk about the bible. One of her most prized possessions was a large bible one of her dear friends brought her. She was very proud of her children, Anita, William, and Deanna. She was also very proud of her grandchildren and great-grandchildren. She talked about them often and loved when they visited! There were cookie parties, family selfies, and zoom visits. She enjoyed everyone! Her hope was to live on a paradise earth where she can be reunited with her family and run with the kids!

“ I loved cooking with grandma. She taught me a lot of things about baking and gardening. I could spend hours with her in the garden and often did. I can't wait to do that all again. I love her so much.
