“ Mark and I were in Stage Band together at Hermiston High School in 1969-70. He was a truly talented musician, and a great, funny friend of mine and many others. We saw the Santana band together in 1970 at the University of Nevada - Reno. We reconnected in the last year, and his words of encouragement and assurance based on the Word of God that I would again be with my precious wife, who I lost in 2021, have been a great comfort to me. I was shocked to hear that Mark had passed. May Alisa and Mark's family find comfort in knowing that he was saved, and that he led others to be saved as well. - Dale Kamerrer
