“ *My dear friend, Mike. I have had the honor of your friendship for so many years. My heart is heavy but know you are shaking it up in Heaven! Joey and I were so blessed to have you in our lives and love your friendship. Rest easy, my friend. Forever in my heart and prayers. P.S. I'm going to start dancing to my coffee perking in the morning....In your honor! Xoxo. Jana and Joey*

“ *I'm shocked by his passing. I met Mike many years ago through my ex husband Steve Carr (who passed back in March 2012). We had lots of parties and good times. When Steve passed, Mike came to the funeral along with other friends. It had been a long time since I'd seen him. We never know when it's our time but passing in his sleep sounds peaceful and I'm thankful for that. Peace be with you Mike.*

“ *Mike and I spent our senior year at Edison HS and OSU hanging out. I am so sorry that Beavis has passed. He was a good soul, a good friend, and I am glad I had the privilege of knowing him.*

“ He will always be the love of my life. Michael was the most caring, giving, and true friend anyone would be blessed to have in their life. His heart was so full of life and love his loss is deep to all who knew him. Our hearts have been connected from the day we meet and after over 30 years had continued to be. Over the miles our love never died. I am thankful for all our precious time and now he is at peace with Joe and Maurine and I know Harmonys tail is waggin! There are no words for the emptiness of his loss but the best memories anyone could hope for in a lifetime....my love to you forever. NANCY
