“ Mike, you and I were family...you are one of my guardian angels, and I miss you so much...

I will never forget the time I needed your help fixing my cv joint on my car, after swearing that I didn't need a man for anything...you always welcomed me in your home.

Looked out through for me when I was tearing my life up with poor choices.

I am honored and nested to call you friend...see you again my dear friend. Love you much

“ 7days ago tonight you left earth and went home to Jesus

I remember the favorite music you loved to listen to with me and how much we enjoyed each other's company

Holding you while you held me as we danced to our favorite song together a few nights before you had to leave I'll never forget our last dance together it was very special to me and left me with a beautiful memories

Our favorite song we played each day together to each other as we sang it from our hearts

(I'm gonna love you like I'm gonna lose you)
