“ I remember when I taught Michael to ride a bike he wanted to jump a curve so we got on my bike and we went to jump the curb and we jumped the curb and it was fun I'll miss you my cousin say hi to my mom when you get to heaven love you

Paul kernal - October 30, 2022 at 06:10 PM

“ Michael, you are the best big brother anyone could ever ask for. You were the one who took off my training wheels, and taught me how to ride a bike. I still remember you holding onto the back. You later attempted to teach me how to drive a stick shift. Unfortunately, I still don't know how. I at least made you laugh a lot as I “messed” up your transmission. Thank you for always protecting me and standing up for me.

“ He was my dad and best friend all in one I always had fun no matter what we did between playing video games together to him painting and him taking me to little car shows around Tulsa.
