“ Sandra and I both went to school with Missie. Me from the first grade through graduation from high school. Sandra went to church with Missie as well and they were in the same Sunday School class. We are so sad to hear of her passing and wish comfort for the family. She is a great loss to everyone who knew her. .

“ So very sorry to hear that Missie had passed away. I went to school with her at Cassville and graduated with the class of 1961. I pray that God will wrap her family in his loving arms, and give them comfort and strength today and in the days to come. Cling to the memories of your Mother and Father, as those memories have now become treasures. God bless you all.

“ Please accept my sincere condolences on the death of your dear mother and grandmother. I've only known Missie for the past month when she taught the water exercise class at the Health Zone. Your mom was a ray of sunshine in the lives of the seniors in her class. She was caring and thoughtful, knew all of us by name and kept up with our lives. She spoke often about her wonderful children and grandchildren during our classes. We will miss her beautiful smile and her positive attitude. She would end each class with: "Be a blessing to someone today." She truly was a blessing to us. She and your family will be remembered in my prayers. I haven't met many people in my life that had such a special impact on my life. I will try to remember her by being a blessing to someone everyday.
