“ Your mom and mine were born the same year, (and that was quite a while ago)----I'm so glad you got to have your Mama for 87 years on Earth! I loved her gracious hostessing flare, and quiet spoken southern accent and sense of humor. Also how she took such pride and joy in her family----I will always cherish the memory of her sewing that precious humpty dumpty for Mary---- there could never be such a sweet gift and expression of her TLC for her children and grandkids! May God bless you all and give you His shalom peace and comfort at this time and in your memories. Love, Julie Horne
