“ My family and I may not have known her and her family, but when her team played against my daughter’s team this last summer, it was always such a delight. Getting to see her play with her team mates and make it around them bases with a big grin always warmed our hearts and we cheered her on the whole game. It didn’t matter that she was playing against ours they were all having fun and that’s what matters. She definitely was a blessing to us all, and one that will be greatly missed. Thank you sweet girl for always bringing a smile to our faces and a warm embrace to our hearts.
