“Pat....miss you! It's been a year now, and several years since you last carried our bakery products to your shows. We will never forget you and my children reminisce about the deliveries to different places in Tulsa that you and your mother had. So sorry that I didn't find out about the memorial they had for you, I defiantly would of been there along with some of the other Amish friends you made through your business. Shirley Kennell

“Were you at AA in the early 70s? I went to San Juan with Pat, too, in '72 She was so adept at socializing, but not a "party girl" by any definition

“I was searching for folks that I used to work with at AA many years ago and am saddened to find that Pat has passed. I remember when Pat and I took a trip to San Juan back when AA flew 747's and we enjoyed the upstairs first class lounge. After I moved to Dallas/Ft. Worth we didn't stay in close touch and I regret that.

“I am sorry I never got a chance to get back in touch with Pat. Thankfully, it seems she had a very good friend who stood by her until the end. I am confused though - didn't she have a brother?

“ I met Pat in the 1980s, shortly after she had moved from New York to Tulsa . We saw each other on occasion over the years, and I saw her at the doctor's office in March, 2014. She discussed with me how ill she was, and I was concerned about who would take care of her. We reminisced about her mother, and Pat said that it was good that her mother did not have to see her in such poor health. I tried to follow up afterwards with phone calls and email, but I did not hear back from Pat. I was just thinking about her, did a Google search, and found this site. I am very sorry to learn that a very nice, witty lady died at too young an age.

“ I have been thinking about Pat these past few days, and was upset to find THIS in a web search, I knew her in the '70s. when I worked at AA for a year, and remained friendly with her for some years afterward. She was a complex person- so smart, but so innocent. So self assured, but reserved in a way of her own. Conservative, but friends with me, a raging liberal! and FUNNY - she could really make me laugh. I hope she found happiness in her life. She was a great girl.

“ I had the pleasure of caring for my friend of over forty years. Pat was the strongest person I have ever known. She fought this battle over four years because she loved life. When it became obvious that the cancer had won...I made a promise to her that I would do whatever it took to keep her in her home to the end.

Pat passed peacefully at home ...mission accomplished. Amen

Missing our daily phone chats. Love to you.
