“ *Robert started writing to his brother Dale, my dad, the last few years. He always had positive kind words to share with Dale. It would have been nice to meet him here, but that will have to happen in heaven. So glad Jesus made a way for us all.*

“ You were a wonderful father to Clifton and Nicole. And a great grandfather to 8 grandkids. They couldn't of had a more dotting, unconditional love, than that that you showed them every day. And your love, compassion, and kindness didn't end with them. You were a giver and caregiver your whole life. You like Mom never met a stranger just a new friend. You were my big brother closest thing I had to a father. I remember feeling safe and like I came home when visiting you. We had long talks over the years made many of memories. You always cried every time I had to leave and gohome. You would always say "Love you baby " weather I was leaving for home or ending a long phone conversation. Y ou are leaving a huge hole in many of peoples lives. But I pray they can remember the good times with you and find comfort. That one day we can smile while thinking of you instead of shedding tears. Hug all that have gone before you when you get to heaven. Because you my friend are heaven bound. Love and miss you already. You are gone but will never be forgotten.

“ *My Brother Bobbie as I called him. Well be greatly missed my his daughter, his grandchildren, his sister's and brothers and many friends.*

So many memories I have of you Bobbie. Like the one when you lived on St. Vincent Street in LaSalle IL. Mom and you would make homemade cinnamon rolls, donuts and home made bread. Mom and you were a great team.

I remember mom grounded me for week. You made me deep clean everything in the house after school. That house was super clean that week. You and I would talk about that week many times over the years, for you said I was the best at listening and following your directions. I just did what you told me, no auguement or complaining.

Their was this one Christmas when the stove broke and you had to bring everything over to Beth's house and use our even. It was terrible weather out, snowing a lot, but you did it. Then we all came to mom's and had delicious food. It was a good Christmas that year. Bobbie I have so many good memories of our life together. Just know I love you and miss you. But R.I.P. , enjoy being with a our family, loved onces, relatives and friends in heaven. Until we meet again my brother. Watch over your daughter and these grandkids of your. You will never be forgotten.

“ So so many memories. Growing up we always lived close to you and grandma. We would go to your house for the holidays and eat your amazing food you made. I remember you taking Nicole and me to school. You would tell us jokes on the way. You were like a second dad to me growing up. I remember Nicole and me going to clean the laundromat with you. We would always check the dryers to see if we could find money. You loved to pick our nails and talk about the angel express or what little Johnny wanted for Christmas. I'm going to miss that. You have always been a living and caring person and put everyone before yourself. Your grand kids were your world. RIP uncle Bobby gone but never forgotten. We will continue to tell your jokes, you will continue to live through us. Your pain free. Give everyone love for me. Fly high and shine bright until we meet again.
