“ Our family met Roger and his family when our sons started playing baseball together. We became friends immediately. We had cookouts together, lake trips, swimming pool parties, etc. Roger was a great Dad and a wonderful friend. We will miss him. God bless his family & friends as they go through this difficult time.
Love & prayers,

“ Roger was a great guy. He loved his children and was always talking about them to Larry and I. Every time he had a heat or air problem he called Larry. We met him when Matt and our grandson, Anthony, we're playing sports together. As we got older he would call to check on us. We will miss him. He was a good Dad. We loved him.
