“ *Mom was about family. We had big get togethers for the holidays. It would be nothing to have 15 to 20 people over for Christmas or Thanksgiving meals.*

Mom always said, if you leave my table hungry that is your own fault because there is plenty to eat.

Mom opened our house for people who needed a place to go. The neighborhood kids always came to our house to play.

I love you mom. I am glad that you are with the Lord and Grandma and Grandpa. I miss you.
