“ To my dearest friend and brother i'll never forget the great memories that we had of pushing the kids down the hill and the snow wondering if they got enough speed and they were just laughing giggle or when we had the kids in the pool and splashing water on them you always give me love that was so unconditional so appreciate it. You made me feel very special when I'd be with you and Alicia and the kids. I love you so much and miss you dearly Stacie. I can't wait until we get to meet again and heaven friend Chris.

*You were like a son to me, you called me mom. You had the kindest heart and were so forgiving even when the world didn't treat you kind. No more suffering, no more pain. I love you and miss you terribly.*
