“ My mother, Sueann Rogers, passed away on March 20th, 2024 at Hillcrest Hospital. She was born on April 23, 1956 to Howard Wayne Long and Patricia Ann Deaver. She was an absolutely treasured mother to three children; myself (Dean Rogers), Dustin Guilbert, and Ryan Rogers. She was a wonderful and loving spouse to my father, Billy Dean Rogers.

Sueann loved nature all throughout her life. She spent over twenty years living in the state of Oregon where she became fond of the outdoors and all of its inhabitants. This continued late in life, where her favorite pastime was feeding the deer that lived behind her house, tending to her gardens and making sure the multiple birdbaths on her property had plentiful water.

She loved music, and she and my father would routinely listen to classic rock in the evenings as they winded down for the day. I vividly remember an old VHS tape that had a Fleetwood Mac concert on it that would play, seemingly on repeat, throughout my childhood. Next month would have been their 33rd wedding anniversary.

Sueann was preceded in death by her parents and brother Mike Long.

She was a mother that had a profoundly positive impact on the person I am today and the memory of her is something that has permeated into nearly every aspect of my life. The only good thing I can say in the wake of her passing is that I had an opportunity to be her son, and one of the many good things I can say about that opportunity is that I will never forget her or the things she taught me. Mom, dad and I miss you so immensely. We both look forward to reuniting with you again. We love you.
