“ God saw you were getting tired and a cure was not to be. So He put his arms around you and , and whispered "Come to Me" With tearful eyes we watched you and saw you pass away. Although we loved you dearly, we couldn't make you stay. A golden heart stopped beating, hard working hands at rest. God broke our hearts to prove to us, He only takes th best. Author Unknown

“ Words cannot express how amazing of a person Tammy was I miss her so much, She was the absolute best Nana her grandchildren loved her to the Moon and back times infinity, she always made them feel loved and always talked to them and wanted to know everything about them. She always made a point to let them know how much she loved them Everytime she saw them. She loved her kids so sooo very very much I only ever saw her want to protect them and keep them safe and happy and she never let them forget that she did love them very much. Tammy had been in my life for 13 almost 14 years she was a mother to me I loved her very very much, she was there for me anytime and Everytime we or I needed anything. She would call me just to talk, to cry, to laugh, to ask if I wanna hang out, anytime I needed someone to talk to and Jacob wasn't home or at work she was always there for me day or night. We talked for a few mins or a few hours, she was my drinking buddy also she made the best bloody Mary's and I loved that we shared that together. I tried to make one like her the other day and it just wasn't the same. She was always there for me from day 1 since I met Jacob, I remember she drove to Kansas with me and the kids from Oklahoma to get my boat registered so I didn't have to drive alone while Jacob was at work, she drove with me to Oklahoma City to get my first bird it was a cockatiel and I went back the next weekend and got her one, she drove out to catoosa to a house with a huge pond that we had to walk through and we collected all of the goldfish and water lillies to bring home and make our own ponds with it was so much fun and she couldn't stop laughing the entire time. we had so many good times wether it was siting at the house and having dinners together and just hanging out or camping, holidays, birthdays , bonfires, no matter what we were doing she always wanted everyone to have a good time she was all about the good times and good memories that's for sure. She always wanted everyone to have faith and just get along. She was an amazing woman and I feel so lucky that she was my mother in law 💕💕💕 I couldn't of asked to be apart of a better family. So much love from Mark and Tammy. I love you both and miss you very much Tammy you were a best friend to me also ❤️❤️❤️💕💙

“ You will be dearly missed, Sister. Thanks for the fun, memories and friendship. I remember you talking to me about our parties a couple of years ago and you said "we had rave parties before rave parties were even cool." We sure did. Keeping all of your loved ones in our hearts and prayers. I know that you and Deanie are probably up to no good. Rest well until we meet again. Love you.
