“ There are 30 yrs of memories but my best memory was the first Christmas I spent with him and his family. From the moment I first met most of the family they treated me as if I was family. And 30 years later I was a part of Rustys life and it hasn't been easy but I know

“ Rusty,... What a Wonderful man ❤️

He had a heart of gold , and a love for life and family that was deep and true. Generous and kind.

Sweet & Sometimes Crazy -Rusty ,

*Omgosh he could make you laugh so hard until you cried!
The Stories he had were endless , so many hilarious stories about his younger days... many of which I was blessed to have been right there beside him.*

Just Recently I was lucky enough to have spent many hours a night , in the last 2 years talking and laughing so hard with him about our years growing up. We talked about his life and children and his treatment he went through with ease and grit, and how he handled it so well. His Doctors were so amazed at his strength that they were sharing his story with cancer centers worldwide...

He was a Champion of Champions!

I'll always feel so blessed to have known and loved him for many years. About 48 i think,...

Met him in the summer of 1977/1978 , at the age of 15 at Kings pool hall

at King and Sheridan. I believe he was 18.

Always wearing his white muscle shirt and faded wranglers .

We had our " Clique " of friends and we were tight! Me, Sheri, Donna , Rhonda, Tom, Tim, Rusty, Charlie and some others too, Racer Ray and Debbie Leonard , and Dwayne, who Rusty didn't always see eye to eye with, there may have been some black eyes there! lol 😊

we spent a lot of crazy fun weekends together, hanging out at Keystone/ Washington Irving, Appalachia Bay, or P&R park- Salina and of course Mohawk park,

The infamous Boat House !

Rusty loved his Chevy trucks, I remember the blue and white 66 (i think) and the green 73, the others had their hot rod cars, camaros.

chevelles & mustangs too.

Can I add - We always had A LOT of ice cold beer to drink, and boy did we all !

We often talked about the times that we were amazed we made it through some of the wild weekends at all,...-

*with the coolest cars ever built & the absolute *best music ever* and undoubtedly the most freedom of any generation before or since...*

There's So many memories that are special treasures of a generation of strong and proud!

Certainly some of the best days of my life for sure.

I truly feel so Grateful and Blessed to have had so many years of friendship with Rusty.

*.(aka *chickenhead)*

I Sincerely Pray for his family, giving my Deepest Condolences, specifically his children, that they find peace in knowing how much Rusty was deeply loved and his friendship cherished.

I also pray that the specialists that treated Rusty, are able to find specific techniques in the methods in his case that would help others fight and win the battle against cancer.

He had a God given will for life , Love and Kindness.

Truly A Jesus Loving man of God , Rusty could quote scripture with ease... and absolutely never wavered on his Faith. We talked of Our Faith often and for hours...

I Will Deeply Miss our late night phonecalls, All of the treasured memories and the laughter we shared - some until my ribs hurt!

Most of all I will miss the man behind the stories, the man who stole my heart at 15 years old. The guy I will always remember to be the funniest person ever, goodness he was funny!

my very first love,...

Until we meet again,...

Always and Forever
