“ This was my Grandfather. His first wife Clarissa (Chris) was my Dad's Mom. I have so many good memories of this man and grew up sitting in his lap with Shorty (His poodle). I miss this man terribly. My Dad David Muniz passed away when I was 5. This man taught me how to fish, how to carve wood, how to splice a tomato and potato plant into one, the list goes on and on. He took me on many vacations and taught me how to be a man. I will never forget getting to sit in his Big Rig when he worked for Land O' Frost. I will forever hold on to the great memories I had with him. I will never forget making the phone ring back and playing tricks on him. It was his nature to play jokes on people. He was a great man. He would take me to Frozen Delight when my Grandma worked there and we would always get me anything I wanted. So many good memories. He took me to the Barnum and Bailey Circus, Graceland, Yellowstone, the list goes on. I loved this man as if he was my real Grandfather. If you ask me he was! Love you, Grandpa! Rest In Peace!
